TABLES OF POSTAGES

WITHIN THE UNITED STATES AND TO CANADA AND OTHER BRITISH NORTH AMERICAN PROVINCES.

RATES OF LETTER POSTAGE BETWEEN OFFICES IN THE UNITED STATES AND TO AND FROM CANADA AND THE OTHER BRITISH NORTH AMERICAN PROVINCES.

NOTE.—The mode of computing the rates upon inland letters—*i. e.* letters from one office within the United States or Territories to another, and also upon letters between the United States and the British North American Provinces—is as follows, to wit: Single rate, if not exceeding half an ounce; double rate, if exceeding half an ounce, but not exceeding an ounce; treble rate, if exceeding an ounce, but not exceeding an ounce and a half; and so on, charging an additional rate for every additional half ounce or fraction of half an ounce.

The mode of computing rates upon letters to Great Britain, and to all other foreign countries, the British North American Provinces excepted, will remain as at present, under the act of 3d March, 1849, and agreeably to instructions appended to the table of foreign postages.

DIRECTIONS.

- 1st.—Every letter or parcel, not exceeding half an ounce in weight, shall be deemed a single letter or rate.
- 2d.—All drop-letters, or letters placed in any post office, not for transmission, but for delivery only, shall be charged with postage at the rate of one cent each.
- 3d.—Each deputy postmaster, whose compensation for the last preceding fiscal year did not exceed \$200, may send through on *his private business*, which shall not exceed in weight one ounce, free of postage. This does not authorize them to receive free of postage anything but written communications addressed to themselves, and on their private business.

Directions.	When prepaid.						When unpaid.					
	Weighing ½ ounce or under, being the single rate.		Over ½ ounce, and not over 1 ounce.		Over 1 ounce, and not over 1½ ounce.		Over 1½ ounce, and not over 2 ounces.		Over 2 ounces, and not over 2½ ounces.		Weighing ½ ounce or under, being the single rate.

RATES OF POSTAGE TO BE CHARGED UPON EACH NEWSPAPER, PERIODICAL, BOOK, UNSEALED CIRCULAR, AND EVERY OTHER ARTICLE OF PRINTED MATTER, TRANSIENT OR OTHERWISE.

DIRECTIONS.

1st.—The weight of newspapers, periodicals, and other printed matter, must be taken or determined when they are in a dry state, and when the weight of any book or other publication exceeds one pound, the same progressive rates, above laid down, must be charged for the excess.

2d.—Newspapers, periodicals, magazines, or any other printed paper or matter, must be sent without any covers or wrappers, or in covers or wrappers open at the ends or sides, so that the character of the matter contained therein may be determined without removing such wrappers.

3d.—In case there is on or in any newspaper, periodical, pamphlet, or other printed matter or paper connected therewith, any manuscript of any kind by which information shall be asked for or communicated in writing, or by marks or signs, (except the bills and receipts of publishers, as provided by law,) or the directions herein prescribed are in any other respect not complied with, the same becomes subject to letter postage; and it is the duty of the postmaster to remove the wrappers or envelopes from all printed matter not charged with letter postage, for the purpose of ascertaining whether there is upon or connected with such printed matter, or in such package, any matter or thing which would authorize or require the charge of a higher rate of postage thereon.

It will be observed that except in respect to books, the postage on all printed matter to California and Oregon, is the same as to any other part of the U. States.

DIRECTIONS.
 1st.—When the weight of any publication exceeds eight ounces, the same progressive rate of postage laid down in the above table must be charged.
 2d.—Publishers of newspapers and periodicals may send to each other, from their respective offices of publication, free of postage, one copy of each publication; and may also send to each actual subscriber, enclosed in their publications, bills and receipts for the same, free of postage.
 3d.—By a joint Resolution of Congress, the Congressional Globe and Appendix may also be sent free through the mails so long as the same may be published by order of Congress.
 4th.—Postmasters are not entitled to receive newspapers free of postage under their franking privilege.
 5th.—If the publisher of any newspaper or periodical, after being three months previously notified that his publication is not taken out of the office to which it is sent for delivery, continue to forward such publication in the mail, the postmaster to whose office such publication is sent will dispose of the same for the postage, unless the publisher shall pay it; and whenever any printed matter of any description, received during one quarter of the fiscal year, shall have remained in the office without being called for during the whole of any succeeding quarter, the postmaster at such office will sell the same, and credit the proceeds of such sale in his quarterly accounts, in the usual manner.
 6th.—Quarterly payments in advance, may be made either at the mailing office or the office of delivery. When made at such mailing office, at the postmaster ready for signature, a receipt for each post office to which the amount of postage to be paid thereon; also, giving the names of each of masters at the offices of delivery, and they will be received there as evidence that the postage has been duly paid. To entitle them to pass *free* through the mails, such receipts must be left unsealed, endorsed "Post Office Business," and directed to the postmasters therein named without further charge for postage.
 When periodicals are printed not oftener than once a quarter, and are sent from the office of publication to actual subscribers, the amount of postage being marked thereon as prepaid, at the mailing office, and the name of that office with the date of mailing being written or stamped thereon, will be sufficient evidence to warrant their delivery without further charge:—*Such* periodicals may be prepaid by stamps.

JAMES CAMPBELL, *Postmaster General*.

Great Britain and Ireland, by either } *24 cents, (California and Oregon excepted. *5 cents to be added
United States or British line..... } when to or from California or Oregon. Pre-payment optional)
On either a letter or packet of any weight, the whole postage or none at all should be pre-paid. If
anything less than the whole is pre-paid, no account is taken of it, and it is entirely lost to the sender.
In respect to British Mails, where the official postage entries on the letters received are in red ink, the
letter is to be considered as paid, and is to be delivered accordingly; where in black ink, as unpaid,
and the postage is to be collected. Postage in such cases is either wholly paid or wholly unpaid. The
credit and debit figures on such letters show, on the paid letters, the amount to be credited to the
United States; on the unpaid letters, the amount charged to the United States by England; and these
figures, "3 cents," "19 cents," "5 cents," "21 cents," &c., are solely for the convenience of the ex-
change offices in keeping the account with the British Post Office.

Newspapers 2 cents each, pre payment required. Pamphlets and periodicals 2 cents each, if not
weighing over two ounces, and 4 cents an ounce or fraction of an ounce, if they exceed two ounces,
to be collected in all cases in the United States. All such printed matter is subject to like additional
charges in Great Britain, each country collecting its own postage on printed matter, whether the same
is sent or received. No pamphlet can be sent weighing over 8 ounces, and no periodical over 16
ounces, without being subject to letter postage. Neither pamphlets nor periodicals are entitled to con-
veyance through England.

Newspapers and periodicals must be pre-paid the regular domestic rates to San Francisco. The rate payable on letters at the point of destination in the Sandwich Islands is 5 cents, and on newspapers 2 cents each. In China and New South Wales the ship postage, it is understood, is comparatively trifling.

Canada, New Brunswick, Cape Breton, Prince } *10 cents—when not over 3,000 miles from the

Newspapers and periodicals are chargeable with the regular United States rates to and from the line, which postage must all be paid in the United States. Editors, however, may exchange free of expense.

Australia, by private ship direct from New York, 5 cents, pre-payment required.

On Pamphlets and Magazines, to or from the west coast of South America, the United States postage is 4 cents, and to or from all other foreign countries (except Great Britain and the British North American Provinces as above,) one cent an ounce or fraction of an ounce, to be collected in all cases in the United States.

Newspapers and periodicals to foreign countries (particularly to the continent of Europe) must be sent in narrow bands, open at the sides or end; otherwise they are chargeable there with letter postage.

N. B.—All letters to and from foreign countries (the British North American Provinces excepted) are to be charged with single rate of postage, if not exceeding the weight of half an ounce; double rate, if exceeding half an ounce, but not exceeding an ounce; quadruple rate, if exceeding an ounce, but not exceeding two ounces, and so on, charging two rates for every ounce or fractional part of an ounce, over the first ounce. As this rule differs from that followed in respect to domestic letters, great care is requisite to prevent mistakes. Postmasters should be careful, also, where the postage is pre-paid, to collect the proper amount. They should be particular to notice the *route indicated* on the envelopes of letters, and to collect postage accordingly. Letters mailed at some offices, marked "via England," or "via Prussian closed Mail," for the German States, are frequently taken upon the pre-payment of Bremen rates, and those marked "via Bremen," at Prussian closed mail rates, &c.

If letters for foreign countries marked "Paid" are dropped into the Post Office without being paid, the Postmaster will erase the word "Paid," and write on the back of the letter the words "Not Paid," with his name and title of Postmaster.

† In the case of letters to go through France, the French postage is rated by the quarter ounce for the single letter. This is ten cents, except with reference to letters for Egypt, Syria, and Tunis, by French packet, when the single French rate is twenty cents. Therefore, the quarter ounce French rate only being embraced in the above rates for letters marked "via France," or "via Marseilles," the French rate on all such letters must be doubled for each quarter of an ounce.

JAMES CAMPBELL,
 Postmaster General.

POST OFFICE DEPARTMENT, April, 1854.

DIRECTIONS.

Postmasters are entitled, by law, to the following commissions on the amount of postages received by them in each quarter of the year, and in due proportion for any fractional part of a quarter; but no Postmaster can receive a larger compensation from commissions than \$500 per quarter:

"On a sum not exceeding one hundred dollars, 50 per cent.; on a sum over the first, and not exceeding four hundred dollars, 40 per cent.; on a sum over and above the first four hundred dollars, and not exceeding twenty-four hundred dollars, 35 per cent.; on all sums over twenty-four hundred dollars, 15 per cent.;" consequently these rates of commission are,—

50 per cent.	on the first	\$100;
40	" " next	300;
35	" " "	2,000;
15	" " "	all over 2,400.

The rate of commission upon letter postages prepaid by stamps is the same as if the whole letter postages were collected in money.

One cent is allowed for the delivery of each free manuscript letter (those addressed to the Postmaster excepted) to offices where the commission does not amount to \$500 per quarter.

On the postages of letters received for distribution at the General Distribution Offices, a commission of 10 per cent. is allowed.

On the postage of letters received at a Frontier Office and sent to Canada, a commission of 3½ per cent.; and on those received from Canada for distribution, a commission of 7 per cent. is allowed.

An allowance of 2 mills will be made for each weekly newspaper, not chargeable with postage, delivered to an actual subscriber living within the County where such paper is published: *provided, such*

papers are properly entered upon the transcript. This does not include "Exchanges" between Editors and Publishers.

Ten cents is allowed for each monthly register of the arrival and departure of the mails, when required by and returned to the Department.

At offices where the mail is, *by contract*, to arrive regularly between the hours of 9 o'clock in the evening and 5 o'clock in the morning, 60 instead of 50 per cent. is allowed on the first hundred dollars of letter postage: *provided*, such Postmaster transmit with his quarterly return his certificate to the following effect, viz.:

"POST OFFICE, ———, 185—.

"I certify that the regular time for the arrival of the mail at my office, for the quarter ending ———, was between the hours of 9 o'clock in the evening and 5 o'clock in the morning.

———, P. M."

Certificates for night-mail service for back quarters, not claimed at the proper time, must be accompanied by a statement explaining the cause of delay; and *retrospective claims* made by late Postmasters must be accompanied by affidavits substantiating the material facts upon which they are based; but for the five quarters during which the law of 1847 was in full force, viz.: from 1st January, 1847, to 31st March, 1848, the highest rate of commission authorized, under any circumstances, was 40 per cent.

Letter postages, prepaid by stamps, should not be included in the "postage of paid letters sent," on No. 7 of the account current, but the amount prepaid by stamps must be stated on the credit side of the account on No. 22, for the purpose of calculating commissions thereon; and the same regulation applies to newspapers prepaid by stamps.

One cent only is allowed for advertising each letter, and the *Printer's receipt must state the number of letters* and the amount paid for advertising.

The whole amount paid for advertising must be charged on No. 9 of the Account Current.

The cost of advertising must be marked upon each letter advertised, and collected with the postage.

The postages on Dead Letters returned to the Department should include the amount paid for advertising such letters, and be credited on No. 11 of the Account Current.

Drop Letters prepaid by stamps must be entered upon the transcripts.

Newspapers prepaid by stamps, sent from the office, must be entered upon the transcripts, or the commissions thereon will not be allowed.

Letters returned to the Dead Letter Office will not be allowed unless accompanied by a post bill.

All Postmasters whose compensation for the fiscal year ending 30th June, 1851, exceeded \$200, must procure wrapping paper, sealing wax, and twine, as provided in Chapt. 52, Regulations for the Post Office Department.

All Postmasters whose compensation for the fiscal year ending 30th June, 1851, was less than \$200, can purchase a reasonable quantity of wrapping paper, sealing wax, and twine: *provided*, the nett proceeds of the office exceed \$20 per year.

No allowance will be made for any contingent expenses, *except for the repair of mail bags and advertising letters*, unless the nett proceeds of the office amount to at least \$5.00 per quarter.

A cheap plain Desk or Case, for the safe keeping of letters and packets, is the only furniture allowed in the contingent expenses.

No allowance will be made for any charge to the Contingent or Incidental expense, unless accompanied by the *proper voucher*.

Particular attention is directed to Chapt. 34, Regulations for Post Office Department.

In auditing the quarterly returns, the commissions authorized by law are *always* allowed, even if they were omitted or not properly charged in the Account Current. In each case, the quarterly balance resulting from the official adjustment in this office, is carried to the general account of the Postmaster, which always shows his true balance at the latest quarterly date audited.

Every Postmaster is required to keep a General Account with the United States. See Chapt. 35, Regulations for the Post Office Department.

All postage stamps affixed to any letter, or packet, or parcel of any description, must be *immediately and effectually cancelled* in the office in which the letter, packet, or parcel may be deposited for delivery or transmission.

Extra commissions are not allowed since the 1st April, 1853.

Postmasters who have received pre-payment on newspapers and periodicals must furnish to their successors a list of such newspapers and periodicals, together with the date of such pre-payment and its expiration.

When satisfactory evidence shall be furnished to an incoming Postmaster that postage has been paid quarterly or yearly in advance upon such newspapers and periodicals to his predecessor, instead of charging himself with the amount, he will enter the same on his account of mails received as having been accounted for in the July quarter, in the October quarter, or the January quarter, &c., as the case may actually have been.

Particular attention is invited to the following extract from an act of Congress, approved 31st August, 1852, viz.:

SEC. 4. *And be it further enacted*, That if any person shall steal, purloin, or embezzle any mail bags in use by or belonging to the Post Office Department of the United States, or any other property in use by or belonging to the said Post Office Department, or shall, for any lucre, gain, or convenience, appropriate any such property to his own, or any other than its proper use, or for any lucre or gain shall convey away any such property to the hindrance or detriment of the public service of the United States, the person so offending, his counsellors, aiders and abettors (knowing of and privy to any offence aforesaid) shall, on conviction thereof, if the value of such property shall exceed twenty-five dollars, be deemed guilty of felony, and shall be imprisoned for a period not exceeding three years; or if the value of such property shall be less than twenty-five dollars, shall be imprisoned not more than one year, or be fined not less than ten dollars, nor more than two hundred dollars for every such offence.

Each person in the service of the Post Office Department is expected to act as its agent, in protecting its property and giving information of every instance of violation of the Law quoted above, which may become known to him, as the Department is determined to enforce the Law with rigor.
